VOL. XXII—NO. 137 NEWPORT, TUESDAY AFTERNOON JUNE 11, 1867 SINGLE COPIES THREE CENTS

The Daily News.

Published every day (Sundays excepted at 3 o'clock, P. M., by

TALBOT & DAVIS

AT 123 THAMES STREET

NEWPORT, R. I.

Terms:—$9,00 PER YEAR.

ADVERTISING TERMS:

Advertisements will be inserted for $1,00 a square of ten lines or less for one insertion, and 25 cents for each subsequent insertion.

Yearly contracts will be made with those who wish to advertise extensively, on reasonable terms.

The privilege of yearly advertisers (of all classes) will be limited to their own immediate business, in their own name. It does not include Legal Notices, Auction Sales, Lost and Found, Cards, Wants &c. When contracts for yearly advertising are discontinued before the year expires, the whole year will be charged for, or the publishers will claim the right to charge for the advertising done at the transient rates.

Editorial Notices or Articles to be inserted in the reading columns will be charged fifty per cent. extra, reckoning by the space occupied.

Special Notices will be charged one-third more than the usual advertising rates.

All transient advertisements must be *paid in advance*. Yearly or regular advertisers will be required to make quarterly payments on demand.

FISK & HATCH,
B A N K E R S ,
AND DEALERS IN
Government and other Desirable Securities,
No. 5 Nassau St, N. Y:
recommend to investors the
FIRST MORTGAGE BONDS
OF THE
CENTRAL PACIFIC R. R. CO,

This Company is constructing under the patronage of the [illegible] UNITED STATES GOVERNMENT, the Western end of the Great National Railway across the Continent.

Their line will extend from Sacramento, California across the Sierra Nevadas to the California State line traversing the RICHEST AND MOST POPULOUS SECTION OF CALIFORNIA, and thence through the GREAT MINING REGIONS OF THE TERRITORIES, to the vicinity of Salt Lake City.

It forms the SOLE WESTERN LINK of the only route to the Pacific which is adopted by Congress and AIDED BY THE ISSUE OF UNITED STATES BONDS.

Their road is already completed, equipped and running for 94 miles from Sacramento to within 12 miles of the summit of the Sierras, and a large amount of the work of Grading, Tunnelling, &c., beyond that point has been accomplished.

The FIRST MORTGAGE BONDS of this Company afford unusual inducements of Safety and Profit to Investors, for the following among other reasons; viz.:

FIRST. The rate of interest is SIX PER CENT. IN GOLD, payable semi-annually in the City of New York.
SECOND. The PRINCIPAL is payable IN GOLD at maturity.
THIRD. The cost of the Bonds, NINETY-FIVE PER CENT. and accrued interest, is TEN PER CENT. less than that of the cheapest Six Per cent. Gold Bearing Bonds of the Government.
FOURTH. The United States Government provides nearly half the amount necessary to build the entire road, and looks mainly to a small percentage on the future traffic for re-payment.
FIFTH. Owing to this liberal provision, accompanied with Extensive Grants of Public Lands, by which the Government fosters this great national enterprise, its success is rendered certain, and its financial stability is altogether independent of the contingencies which attend ordinary Railroad enterprises.
SIXTH. The Security of its First Mortgage Bond is therefore ample, and their character for safety and reliability is equalled only by that of the obligations of the Government itself.
SEVENTH. The net earnings of the completed portion are already largely in excess of the interest obligations which the Company will incur on twice the distance, and are steadily increasing, rendering the uninterrupted payment of the Interest absolutely certain.
EIGHTH. At the present rate of Gold they pay nearly 8 1-2 Per Cent. per annum, on the amount invested.

The Bonds are issued in denominations of $1,000 with semi annual Gold Coupons attached, payable in New York, and are offered for the present at 95 per cent. and accrued interest (in currency) from January 1st.

Orders may be forwarded to us direct, or through the principal Banks and Bankers in all parts of the country.

Remittances may be made in drafts on New York, or in Legal Tender Notes, National Bank Notes, or other funds current in this city, and the Bonds will be forwarded to any address by Express, free of charge. Inquiries for further particulars, by mail or otherwise, will receive punctual attention.

FISK & HATCH,
Bankers & Dealers in Government Securities,
No. 5 Nassau Street, N. Y.

N. B.—All kinds of Government Securities received at the full market price in exchange for the above Bonds. Also,

A ROMANCE IN REAL LIFE.—Some years since the daughter of a fashionable family on Fifth Avenue, New York, who was only fourteen years of age, was wooed and won, in childish fashion, by a gentleman of seventeen, and were clandestinely married in church. The parents learned of it in time to meet the two made one at the church door. The groom was marched off to school, and the bride locked up in her room. She was subsequently taken to Paris, where she was introduced into society. Of course her beauty and wealth brought her many suitors. But she repelled them all, and continued in faithful correspondence with her husband. Not long since she returned to New York. The first person she met on landing was her faithful lord. He had grown manly and handsome, and was eager to embrace his wife. The parents did not [illegible] this time.

The Daily News

NEWPORT.

Tuesday, June 11. 1867.

THE DECLINE OF YANKEES.

Alarming statements have been put forth of late respecting the danger of extinction of the native race in New England. These are based on the rapid increase of the foreign population by immigration and the greater number of births in their families. There are districts where the property once in possession of American families has passed into the hands of foreigners to such an extent that for considerable distances there is an unbroken succession of foreign residents. This is not only the fact in manufacturing towns, but also in rural districts where the immigrants have become farmers and are either tenants or owners.

Statistics, so far as they have been gathered, do not warrant the conclusion that the gain of the foreign upon the native population is so great as, at the first thought, it would appear to be. Although there are about twice as many births in their families, there is also about the same proportion of deaths. The vital statistics of Massachusetts, where the foreign population bears a greater proportion to the native than in any other New England State, have been partially tabulated with a view to ascertain the facts bearing upon this subject. They show that, in 1865, the births of purely American parentage were 44.53 per cent., and those of purely foreign parentage, 47.40 per cent. while the number of marriages between Americans was nearly twice as large as between foreigners.

This remarkable difference is offset by the fact that the number of deaths of persons of foreign parentage was more than twice that of persons of American parentage. This demonstrates a very disproportionate degree of vitality in the American constitution, and of ability to endure the rigors of the climate and resist the influences which hasten mortality.

It requires more than one generation to reverse these conditions, and the immigrants have a long contest to wage before they can acquire the endurance necessary to overcome this difference. Emigration also greatly aids the apparent disproportion in New England, as the natives of this section constitute much of the staple of population in every part of the country, and vast numbers of persons who were born in New England and are not now numbered among its people, are to be found in all portions of this country and not a few in foreign lands. So that there is a more hopeful view of the future of the Yankee race.

The Pacific Railroad.

The astonishing progress of this country is illustrated by the reports frequently coming from the great railroad over the Plains and on the extreme frontier. Statistics in another column show the rate of progress to the present time. In the month of May two hundred and ninety miles of this road were in use, and its earnings were $261,782, or at the rate of two and a half millions per year. It is difficult to conjecture to what points all this business tends and where the people are who supply it at so great a distance from the commercial centers. The freight taken to the terminus of the road is, much of it, destined to the new territories in the Rocky Mountain regions, whither it is carried by trains of freighting wagons hundreds of miles; and so great is the demand for railroad facilities farther west, that the work is pushed forward with unexampled rapidity. On the eastern sections, road making is comparatively easy, but as the mountains are approached the difficulties rapidly increase, and the time is not far distant when the progress will be much slower. From the California end, the work is pushed with equal energy, but the work is over and through the mountains and the progress eastward is far less rapid than in the other direction. Immense gangs of men are engaged in the work, ten thousand being the force of laborers on the western sections.

If the business continues as large as it is at present, those who have invested in the funds of this enterprise may well be satisfied with their returns, the dividends for the completed sections being several times the interest of the capital. As this is a national work, no portion of it is legally complete until, after inspection by Commissioners, it is accepted by the Government, and this inspection is given each section as the work is finished.

THE CHURCHES IN RUSSIAN AMERICA.—In 1858 there were nine Orthodox Greek churches in that region, which has been lately ceded to the United States. These churches numbering 12,000 parishioners. Five of the ordained ministry were natives of the country, of mixed foreign and Indian descent. Religious books had been translated into the native tongues. Several schools were connected with the churches. The "Spiritual Seminary" had been lately removed from New Archangel to Yakootsk. Not one crime had been reported in their parishes for forty years! This information comes from Russian statistical returns.

The Society of the First M. E. Church, at Taunton, have decided to erect a new church Edifice in place of the present building, which is both too contracted and too dilapidated for the present wants of society. Rev. C. H. Titus formerly of this city is the pastor.

Miscellany.

One of the Indians who recently paid a visit to the end of the Union Pacific railroad track where the construction locomotive had just arrived, was so astonished at the whistle for "brakes down" that he exclaimed "Him heap big warrior! heap o' holler!"

The Mormons are driving the Gentile traders from Utah by refusing to patronize. Brigham Young has ordered strict non-intercourse.

A family of German immigrants traveling from New York to Cincinnati, were found at Dayton, Ohio, almost in a state of starvation, and an infant had perished in its mother's arms. They had no money and were afraid to ask charity of strangers. The people of Dayton cared for them, fed them, and forwarded them to their friends in Cincinnati.

A girl fourteen years of age, carries the mail between Stone House and Manassas Station, Va. a distance of five and one-half miles.

Some German deck passengers on a Mississippi steamboat, on a recent trip found some bags of beans among the freight, and helped themselves to a bountiful supply for soup. The beans were castor oil beans consigned to a druggist, and caused a decided commotion among the unscrupulous appropriators.

A petition is now before the special committee on divorces in the Connecticut Legislature, signed by a number of the most prominent lawyers of New Haven, to the effect that parties applying for divorces are not to be divorced, but are to be still held as man and wife except in this, that they are to live separately; and to suffer a special fine if afterwards convicted of adultery.

Governor Orr addressed the citizens of Anderson district, S. D., Friday. After reviewing the various plans presented since the close of the war for the reconstruction of the Southern States, he earnestly insisted upon the acceptance of the plan of reconstruction now proposed, as the only means of preventing the administration of the affairs of the country from passing into the hands of the exclusively ignorant and consequently the barbarian and tyrant classes, as the only hope of making this country even tolerable as a place of residence.

AN INTERESTING SUIT IN EQUITY.—A suit in equity is now being heard in the United States Circuit Court at Boston before Judge Clifford, in which Mrs. Eliza Walker, widow of the late Dr. William J. Walker, formerly residing in that city, is the plaintiff, and Messrs. Joseph H. Beal, of Kingston, Mass., and Alexander S. Wheeler, of Boston, executors under the will of Dr. Walker, are respondents. It appears from the bill filed that in consequence of ill-treatment towards his wife on the part of Dr. Walker, a separation took place in the early part of 1840, and that, on the suggestion of friends, an indenture was drawn up on February 21th in that year, by which the doctor agreed to place property to the amount of about fifty thousand dollars in trust, the income of which was to be paid to his wife during her lifetime, and to her children afterwards, the conditions being that the doctor and his wife should live separate. It was also specially provided that in case they should at any time live together the indenture should not thereby be rendered invalid, but the trusts therein contained should be executed as though they had continued to live separately. The income from the property was to be paid to Mrs. Walker semi-annually, and it appears that in April of the same year in which the indenture was made, a reconciliation took place, and they lived together; and from that time until June, 1860, when they finally separated, the doctor received from her money to the amount of $36,540 31, which he agreed to invest, in trust, for her, but neglected so to do. She now brings suit to recover this sum, with interest compounded semi-annually, in case her husband did not invest it, and if he did invest it, she asks the Court to order the defendants to transfer to her the whole of such investments with the income which has arisen from the same to date.

The respondents put in answer a general denial, and that the indenture of separation was illegal and wholly void by the law of Massachusetts.

Dr. Walker died in April, 1865, in this city, and it will be remembered that he left the bulk of his property to the Massachusetts Institute of Technology, the Boston Society of Natural History, the Trustees of Tufts College and the Trustees of Amherst College. The legality of the will was contested by the heirs, but a compromise was made by which $50,000 was paid to each of the surviving children of Dr. Walker, and a similar amount to the guardian of a deceased son's children, free of all Government tax and duties.

The friends of Jefferson Davis are about to make a formal application to the President for his pardon, although Davis positively refuses to apply for it himself. Thus far, the petition is signed by ex-Mayor Munroe, Gov. Sharkey and Robt. J. Walker. Gov. Worth of North Carolina writes that he does not see why Davis should refuse to ask pardon but at the same time he favors granting one to him. Gov Pierpont of Virginia was asked to sign the petition and he replied Saturday as follows: "I ask for the pardon of no man who will not ask it for himself."

It appears from the record in the Engineer's office at Washington that the successful graduates of West Point, accredited to the South, really belong to Northern and Western States, who, having distinguished themselves by gallant service in the Union army during the early part of the war, were nominated to West Point as from Southern States, in order to fill up the allotment of cadets accorded to those States previous to the rebellion.

Gen. Buford, of the committee of investigation in the Fort Phil. Kearney massacre has reported that, in his opinion, the Indian war is caused by the rapacity of frontier settlers who misuse the Indians and get up a war for the privilege of supplying the armies with subsistence at exorbitant prices. He represents this as the character of the present war. Troops are asked for to protect the frontier when no protection is needed, and the Indians are ultimately aroused to fury; while the government pays the settlers such prices as four dollars a bushel for oats, five dollars a bushel for corn, and $125 per ton for hay.

Items.

The New York Gazette advises sending all the "Indians not taxed" to Walrussia.

The receipts from internal revenue for the week ending yesterday were $5,450,230 04.

David Dudley Field has endowed a Professorship of Astronomy at Williams' College.

The amount of fractional currency redeemed and destroyed at the Treasury during the week was $373,600.

Forty steamboats bound for Fort Benton, Montana, laden with 120,000 tons of freight, passed Sioux City, Iowa, this season.

The only interruption of President Johnson in his speeches during his last journey was that when "Echo answered—where?"

The New York Times thinks that now the Great Eastern could get a full load of passengers for Paris if she would come to this country.

The executive committee of the national board of underwriters, will meet at Philadelphia on Wednesday, June 12, at the rooms of the local board in that city.

Theodore Parker aptly compared some who grew suddenly rich to cabbages growing in a bed. They smother the violets, but, after all, are nothing but cabbage heads.

Of the thirteen million bottles of champagne sent annually to market from Rheims and neighboring places, the United States takes at least two millions. And it is the poorest of all that is made, too.

On Wednesday and Thursday of last week in Chicago, wheat declined twenty-eight cents a bushel, and within three weeks second quality wheat declined ninety-eight cents a bushel in the same market.

A propeller eastward bound carried away four gates of lock No. 17 on the Welland Canal, near St. Catherine, C. W., on Saturday afternoon.—The boat was jammed in the lock and is leaking badly.

In a jury empanelled at Houston, Texas, last month, fourteen out of twenty-four were colored. In one case eleven of twelve were colored, and one of these eleven was the only man of the jury who could write.

The rat-catchers in England are "on a strike." They demand a uniform price of four shillings and sixpence per dozen, irrespective of size or quality; and this price the employers say they cannot afford to give.

A Kansas judge has decided that under the law a man is white or black according to the preponderance of white or black blood in his veins. The question arose on the right of a light colored African to vote. The judge doesn't say what the rights of one half black and half white would be.

LAWS OF RHODE ISLAND.

Passed at the May Session of the General Assembly, A. D. 1867.

AN ACT limiting the term of office of certain officers elected by the city of Providence.

It is enacted by the General Assembly as follows:

Section 1. The persons elected Aldermen and Common Councilmen in the city of Providence at the election holden in and for the city of Providence for said officers on the second Wednesday of May, A. D. 1867, for the terms of two years, shall hold their said offices for the term of one year only from and after the first Monday of June, A. D. 1867, and said officers shall take their engagements for said term of one year from said first Monday of June, A. D., 1867.

Sec 2 All acts and parts of acts inconsistent herewith are hereby repealed.

Sec. 3. This act shall take effect immediately upon and after the passage thereof.

AN ACT in amendment of Chapter 598 of the Statutes, entitled an act to revise, consolidate and amend the act entitled an act to incorporate the city of Providence and the several acts in addition thereto and in amendment thereof.

It is enacted by the General Assembly as follows:

Section 1 The qualified voters of each Ward in the city of Providence shall on the second Wednesday of May in each year give in their votes in their respective Wards, for four Common Councilmen and one Alderman to serve for the term of one year, and until others are elected and qualified to fill their places.

Sec. 2. On the second Wednesday of May in each year the electors of said city of Providence, qualified to vote for general officers, shall give in their votes in their respective Wards for a Mayor to serve for the term of one year.

Sec. 3. Clauses 3, 4 and 5 of Section 13 of the Chapter of which this is an amendment, and of so much of clauses 7 and 10 of said section of said Chapter and all parts of said act and all acts and parts of acts inconsistent herewith are hereby repealed.

AN ACT in addition to chapter 229 of the Revised Statutes—"Of salaries and compensation to certain officers."

It is enacted by the General Assembly as follows:

Section 1. The Clerk of the Supreme Court for the county of Providence shall hereafter receive the fees now allowed by law to the clerks of the Supreme Court instead of the compensation provided by section 2 of chapter 308 of the public laws and by chapter 601 of the statutes.

Sec. 2. Said section 2 of chapter 308, and said chapter 601, and all other acts and parts of acts inconsistent herewith are hereby repealed.

AN ACT in amendment of and in addition to Title 24, Chapter 162 of the Revised Statutes—"Of the settlement of accounts of Executors and Administrators."

It is enacted by the General Assembly as follows:

Section 1. Whenever in a final account of an Executor or Administrator presented to a Court of Probate, it shall appear that the money or other property in his hands payable or belonging to any minor does not exceed three hundred dollars in amount or value, the same may be invested, applied or disposed of as said Court shall adjudge meet for the advantage of said minor.

Sec. 2. All acts and parts of acts inconsistent herewith are hereby repealed.

A true copy, witness:

JOHN R. BARTLETT,
Secretary of State.

T. W. WOOD.

PERUVIAN SYRUP.

A PROTECTED SOLUTION OF THE PROTOXIDE OF IRON, supplies the Blood with its LIFE ELEMENT, IRON, giving strength, vigor and new life to the whole system.

If the thousands who are suffering from DYSPEPSIA, FEMALE WEAKNESS, &c., would but test the virtues of the PERUVIAN SYRUP, the effect would not only astonish themselves but would please all their friends; for instead of feeling cross, "all gone" and miserable, they would be cheerful, vigorous and active,

A DISTINGUISHED JURIST WRITES TO A FRIEND AS FOLLOWS:

I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me, infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years.

Thousands have been changed by the use of this remedy from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

The genuine has "PERUVIAN SYRUP" blown in the glass.

A 32 page Pamphlet will be sent free.

Local Intelligence.

—o—

Old Trinity.—The new life which has been infused into Trinity Church parish is manifesting itself in a variety of modes. Service was held in the renovated and redecorated edifice on last Sabbath for the first time since it was closed for repairs. We are glad that, among the changes made, the church has not been so modernised as to remove the ancient and roomy pews nor to alter the venerable aspect of the exterior.

As a next step in the improvement of the parish property, we learn that a new schoolhouse is projected, and that a fair is in contemplation for the purpose of raising funds towards its erection. The new fence around the cemetery will probably be thus postponed for a time. The Sunday School has been nearly trebled in the number of scholars during the ministry of the Rev. Mr. White; and it so crowds the school-room that the first and most pressing demand for improvement is at that point. Trinity is one of the "institutions" of Newport, and we are all glad to see it flourishing.

Valorious.—While passing down Mary Street, this morning, our attention was attracted by the sound of a human voice singing a song accompanied by an accordeon. Approaching the residence of one of our venerable friends, we discovered the sable countenance of our quondam acquaintance Valorious George Washington Peck Stout. He was plying his musical trade with as much apparent zeal as in days of yore, before he was reported dead in Queen Victoria's dominions.—But we thought (was it a mere fancy?) that there was less of the mellifluous in the tones of the voice—an indication of the approach of that harshness which a voice acquires when it has been much used and the days of youth are passed. And it seemed possible that there was a slight stiffness in the fingers as compared with their play over the keys twenty-five years ago. But Valorious is Valorious still. The old shimmer is on his face. The music is in his soul. He is still genial. For aught we know he will be always young; and, as the little Portuguese said of him, "He play very good 'cordeon."

Man Overboard.—As the steamer Metropolis, was approaching Newport, yesterday morning just off Castle Hill, a sailor belonging to Taunton, whose name we have not learned, fell overboard and was near to drowning. He was exhibiting feats of agility in jumping and balancing on the steamer's rail, when his foot was caught by some means and he pitched into the water. Word was passed to the pilot house and the boat stopped as soon as possible, but by this time the man had been left some distance astern. He was still above water, however, and was seen to be striking out boldly for Bateman's Point. As the steamer's boat was about to be lowered to pick him up, a passing sloop was seen to lower her boat, and he was taken up by her crew. The steamer then held on her way, and the sloop subsequently came into port bringing the sailor as passenger.

The Meat Trade.—The consumption of meat in this city must be comparatively at a low rate. We are informed by one in the trade that the sales are not sufficient to pay expenses and do not amount to so much in a week as they formerly did in a day. The prices are so high that many families almost wholly deny themselves of an article of food which was formerly in constant use. This is not the fault of the butchers, who would be as glad as any person to have lower prices; but it is attributed to the scarcity of cattle in the country. Beef continues at fabulous prices and mutton is nearly unknown. The same party informs us that his firm has not butchered a sheep for months.—It would seem to be the most profitable use to which a patch of ground can be put, to raise any animal that can be made serviceable for food.

May we inquire of our contemporaries who were taken in and done for, when the funeral of the "Young man found dead in Poultney, Vt.," is to take place. It is the opinion of some that another murder ought to take place in that locality soon.—Fall River News

We cannot answer the question raised by our Fall River neighbor, but have serious fears of another disaster, as the "murderer is still at large." Poultney Vt is evidently a dangerous locality in these times.

Meeting of the City Council.—An adjourned meeting of the City Council will be held this evening. Additional interest attaches to the meeting from the fact that the City Officers for the ensuing municipal year are to be elected to-night.

Auction Sale of Real Estate.—Capt. Messer having decided to leave Newport and establish himself in the West will offer his estate, No. 17 Thames street, for sale at auction to-morrow.—This affords a fine opportunity to any one desiring a home in a central location, and parties wishing to invest will do well to examine the premises.—For particulars see advertisement.

The gale of Saturday night was severe in New York, and there was a heavy rain. Signs and chimneys were blown down and several shade trees in the parks were uprooted.

A Card.

I take great pleasure in announcing to my friends and patrons that Mr. George T. James will henceforth conduct the business of my Fine Art Establishment, at 203 Westminster street, Providence.

Mr. James having been for the past fifteen years with Messrs. Goupil & Co., of New York, feels able from so long an experience in the first *Fine Art* house in the world, to thoroughly manage the business, and purposes to maintain a style and taste in all things pertaining to *Art*, equal to that of any first class establishment.

All novelties in engravings, chromos and photographs, will be promptly secured as soon as issued or imported. Occasionally we shall have exhibitions of paintings, by the best French, Belgian and native artists.

Will also keep a fine assortment of *Artists' Materials*, and will endeavor in every respect to supply every taste and necessity pertaining to our business, thereby hoping to merit a continuance of the kind favors of our customers.

L. B. DARLING.

Progress of the Union Pacific Railroad from Omaha.

The United States Commissioners have officially advised the Secretary of the Interior that they have examined the eighth section of this road, beginning at the 305th and ending at the 445th milepost, and have found it ready for service, and fully equipped with the necessary locomotives, cars etc. This great road is being pushed forward with a degree of energy that must insure its early completion. General Sherman says that it is so useful and necessary to the government that it could well afford to build it on its own account and save money from the diminished cost of transporting public stores. In fact, the government practically guarantees the construction of the road by making the bonds it issues for that purpose a second mortgage, and permitting the Company to make its own bonds a first mortgage. Although 345 miles of the Union Pacific are now ready for the cars but 290 miles were in use during May, and the earnings of this portion of the line during that month are officially reported at $201,782. Deducting operating expenses, this leaves a sum of more than four times the interest on the Company's bonds that can be issued on that length of road. There seems to be no doubt, now, of the early completion of the great line to the Pacific. Ten thousand men are cutting their way eastward from the California end and over and through the Sierra Nevadas; and one section of the eastern end is hardly done before government commissioners are called upon to examine and accept another; and what is more (and better for the stockholders and bondholders), the net earnings of both ends are sufficient to pay the interest on their bonds several times over. The capitalists who have already paid their millions for the stock already see a profitable return, and we can see no reason why the First Mortgage Bonds, advertised in another column, are not one of the safest as well as most profitable investments of the day. These bonds have just been offered to the public, but the daily subscriptions are already large.

Revenue Cutter *Crawford* arrived here last evening from New London. She will be stationed here at present. The *Crawford* is a topsail-schooner of about 200 tons.

A Clergyman writing to a friend, says, "My voyage to Europe is indefinitely postponed. I have discovered the "fountain of health" on this side of the Atlantic. Three bottles of Peruvian Syrup have rescued me from the fangs of the fiend Dyspepsia. Dyspeptics should drink from the fountain.

Madame ZADOC PORTER'S

Curative Cough Balsam,

PRICE, 25 AND 50 CENTS PER BOTTLE,

The Best, Cheapest, and Most effectual Remedy for Coughs, Colds, &c., the World has ever produced.

Purely Vegetable, contains no MINERALS, or other DELETERIOUS DRUGS.

The Curative Balsam is Warranted, if used according to Directions, to Cure in all cases, Coughs, Colds, Croup, Whooping Cough Asthma, and all affections of the Throat and Lungs.

Madame Zadoc Porter's Balsam is a Purely Vegetable Expectorant, prepared with great care and scientific skill, from a combination of the best remedies of the vegetable kingdom affords.

Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the Blood through the Lungs.

It enlivens the muscles and assists the skin to perform the duties of regulating the heat of the system, and in gently throwing off the waste substance from the surface of the body.

It loosens the phlegm, induces free spitting, and will be found very agreeable to the taste. It is not a violent remedy, but emollient, warming, searching and effective; can be taken by the oldest person or youngest child.

If you have a cold, if ever so slight, do not fail to give the Balsam a trial, as the very low price at which it is sold brings it in the reach of every one, that they may always keep it convenient for use.

The timely use of a 25 cent bottle will often prove to be worth one hundred times its cost.

Sold by all Druggists.

THE TRIAL OF JOHN H. SURRATT.

Washington, June 10.

The trial of John H. Surratt commenced today, and is the all-absorbing topic of conversation.

At 10.30 A. M. the prisoner was brought into the court by Marshal Gooding. The prisoner was hand-cuffed. He appeared with a clear shaven face, excepting a moustache and goatee. He wears his hair long and hanging about his neck. He was dressed in a dark suit. After being in court a few moments the hand-cuffs were taken off, and he was assigned a seat beside his counsel.

Surratt's face was very pale and wears a careworn, troubled look; but he faintly smiled occasionally as he received a nod of an acquaintance. After sitting in the court-room some time he engaged in a lively conversation with his counsel, Mr. Merrick, and was evidently much amused at what was said, as he laughed heartily.

At 11 o'clock the court-room was literally crowded and every seat within the bar was occupied. Among the auditors were a large number of colored men. After all the preliminaries had been arranged Judge Fisher asked if the counsel were ready to proceed to trial.

Mr. Bradley replied, the prisoner is ready and has been so for weeks.

District Attorney Carrington said he was happy to say that the prosecution was ready to proceed with the trial. Before proceeding to empanel a jury, however, the prosecution desired to submit the following motion:

In the Supreme Court of the District of Columbia in the case of the United States versus John H. Surratt on indictment for murder and now at this day, to wit, on the 10th day of June, A. D. 1867, came in the United States, and the said John H. Surratt, by their respective jurors empanelled and summoned; and hereupon the said United States, by their attorney, challenge the array of said panel, because he saith that the said jurors composing the said panel are not drawn according to law, and that the names from which said jurors are drawn were not selected according to law, therefore he prays for judgment that the said panel may be quashed.

GRAND CORONATION SCENE IN HUNGARY.

Pesth, June 8.—The Emperor and Empress of Austria were to-day crowned King and Queen of Hungary with medieval pomp and splendor. The Embassadors of all nations having diplomatic relations with Austria, except the United States, were present on the occasion. The condition of the Empress or of Maximilian, the late Emperor of Mexico, did not interfere with the ceremonies, neither did Kossuth's recent letter diminish the popular enthusiasm on the occasion.

The coronation took place at the open and concluding rites in this city. Eight hundred Hungarian and Austrian nobles, 60 Peeresses, 100 Diplomatists and thousands of strangers witnessed the coronation. The Bishops of the Roman Catholic and Greek Churches assisted at the ceremony. The Emperor was anointed in the ancient robes of the crown, mantle and shoes of St. Stephen, the first christian King of Hungary. The Empress was anointed under the right armpit. A special mass was sung by the Imperial choir from Vienna composed by Liszt. After the coronation the King knighted several Hungarians and then rode in person to Pesth, where he took the oath, in which he promised to reconquer the ancient limits of Hungary. Nothing like it has been witnessed for centuries, and in all probability will never be repeated.

The coronation ceremonies closed by the King riding up a mound of earth formed of soil brought from different departments of Hungary and waving his sword at four points of the compass, at the same time solemnly swearing he would defend the Kingdom against the world.

There was a grand illumination and banquet to-night. At the banquet the Peers act as servants. The Hungarian Diet voted 100,000 ducats as a present to the King and Queen. Ten Archdukes were present. The Austrian Prime Minister was conspicuous. Deak was absent.

INDIAN HOSTILITIES IN ARIZONA.

San Francisco, June 4.—Later Arizona advices state that the Indians had commenced a vigorous campaign against the whites, attacking ranches in the vicinity of Prescott and Fort Whipple, and stealing stock in every direction. The troops are on a scouting expedition, except just enough for garrison duty.

CONCENTRATED

EXTRACT OF RYE.

THE Proprietors of this popular article, find it necessary to remove a wrong impression from the public mind regarding the real merits which they claim for it,

WOULD ONCE AGAIN ANNOUNCE

THAT

IT IS NOT

a mere dram-drinking beverage, but a TRUE, GENUINE, and SCIENTIFICALLY PREPARED

MEDICINE.

It is not as many have been led to believe, nothing but good Rye Whiskey; it is a

MEDICINAL REMEDY,

specially designed for certain useful and beneficial purposes: which any intelligent and thinking person can readily see, by reading what we now have

TO SAY ABOUT IT,

without any long, half sounding words, such as some doctors use to mystify and bewilder a patient until he can't begin to tell what does *not* ail him. We SIMPLY AND PLAINLY SAY that "EXTRACT OF RYE" is nothing but the

Juices of the Grain,

combined with a certain oily, fatty, and vegetable matter, which, when taken into the system, stimulates it first to

NEW LIFE,

and a restored appetite, and then goes to make BETTER and STRONGER

FLESH AND BLOOD.

One can instantly see how this preparation must soothe the throat when it is inflamed, and must carry its lubricating and fattening effects to the lungs; consequently

IT IS WHAT YOU WANT

when you have a bad cough, to cure it, or when you have

CONSUMPTION OF THE LUNGS,

to heal and build them up again. So much for those troubles.

Now, if you want an article TO FEED THE SYSTEM ON, when it has become reduced by sickness or by being OVER-TAXED IN ANY WAY, this medicine will

DO THE WORK.

We have, among a great many letters we have received about it, a great many positive testimonials that it has been the means of making people

Gain Flesh and Grow Fat.

The reason for this is the

GRAND SECRET OF THE WHOLE MATTER.

It acts as a

STIMULATING FOOD

to the body, and helps Nature

THROW OFF DISEASE.

How often, of late years, have people been terribly deceived by resorting to common whiskey for this purpose, when, if they knew it, the only advantage to be gained from the use of whiskey must spring from the little quantity it contains of that of which Extract of Rye is *entirely composed.*

This, then, is the whole story. EXTRACT OF RYE will cause you to throw off disease by feeding the system with a

STIMULATING FOOD,

and will build up and restore the powers of mind and body, while you become fat and happy.

It is put up in convenient style, each bottle being contained in a paper box. It is not sold at a foolish fancy price, but offered at a reasonable cost to rich and poor.

No. 1,

THE CHINGARORA

ANTI-NERVOUS

Smoking Tobacco!

The CHINGARORA TOBACCO grows from the rich soil of the "ORIENT," and is possessed of a peculiarly delicious flavor entirely unknown to the tobaccos of all other clime. But its unprecedented popularity has sprung from the fact of the entire absence of that deadly poison, *Nicotin*, which permeates every other tobacco, and which is the one and sole cause of the distressing nervous diseases, dyspepsia &c., which most invariably, sooner or later, follow the indulgence of the pipe and cigar. At the recent analyzation of tobacco from all parts of the world, at the Academy of Sciences, in Paris, the renowned Chemist M. Lamoureaux, declared that while European and American tobacco contained fully eight per cent. and the purest Havana tobacco from two to five per cent. of *Nicotin*, the CHINGARORA did not contain one discoverable particle of that deadly poison, a drop of which, extracted, will destroy life.

Our agent at BOMBAY has shipped us large quantities of the CHINGARORA during the past two years, and although we have been pressed to supply the demand for this delicious luxury to the veteran smoker, yet we are now prepared to offer it in unlimited quantities, at a price much lower than common American tobacco of a far inferior quality.

A connoisseur has but to smoke the American tobacco and segars, which are invariably chemically flavored, to be disgusted with the medicinal taste which leaves a nauseous, unhealthy coating in the mouth and in time seldom fails to shatter the nervous system.

The natives of the "ORIENT" smoke the Chingarora from morn till night, from youth to age, and are happily unconscious of the wild, distressing fire which courses through the veins of the inhaler of the fumes of tobacco containing *Nicotin*.

We invite every lover of the weed to try the Chingarora, and guarantee unprecedented pleasure in its delicious flavor. Sold everywhere at $1, a pound.

THE UNION PACIFIC

RAIL ROAD CO.

Are now constructing a Railroad from

OMAHA, NEBRASKA,

westward towards the Pacific Ocean, making with its connections an unbroken line

ACROSS THE CONTINENT.

The Company now offers a limited amount of their

FIRST MORGTAGE BONDS

having thirty years to run, and bearing annual interest, payable on the first day of January and July, in the City of New York, at the rate of

SIX PER CENT. IN GOLD,

AT

Ninety Cents on the Dollar.

This road was completed from Omaha 305 miles west on the 1st of January, 1867, and is fully equipped, and trains are regularly running over it. The Company has now on hand sufficient iron, ties, etc., to finish the remaining portion to the eastern base of the Rocky Mountains, 212 miles, which is under contract to be done September 1st of this year, and it is expected that the entire road will be in running order from Omaha to its western connection with the Central Pacific, now being rapidly built eastward from Sacramento, Cal., during 1870.

MEANS OF THE COMPANY.

Estimating the distance to be built by the Union Pacific to be 1,565 miles, the United States Government issues its Six per cent. Thirty-year Bonds to the Company as the road is finished at the average rate of about $28,250 per mile, amounting to $44,208,000.

The Company is also permitted to issue its own First Mortgage Bonds to an equal amount, and at the same time, which by special Act of Congress are made a First Mortgage on the entire line, the bonds of the United States *being subordinate to them.*

The Government makes a donation of 12,800 acres of land to the mile, amounting to 20,032,000 acres, estimated to be worth $30,000,000, making the total resources, exclusive of the capital, $118,416,000; but the full value of the lands cannot now be realized.

The authorized Capital Stock of the Company is one hundred million dollars, of which five millions have already been paid in, and of which it is not supposed that more than twenty-five millions at most will be required.

The cost of the road is estimated by competent engineers to be about one hundred million dollars, exclusive of equipment.

Prospects for Business.

The railroad connection between Omaha and the East is now complete, and the earnings of the Union Pacific on the sections already finished for the first two weeks in May were $113,000. These sectional earnings as the road progresses will much more than pay the interest on the Company's bonds, and the through business over the only line of railroad between the Atlantic and Pacific must be immense.

Value and Security of the Bonds.

The Company respectfully submit, that the above statement of facts fully demonstrates the security of their Bonds, and as additional proof they would suggest that the bonds now offered are less than ten million dollars on 517 miles of road, on which over twenty million dollars have already been expended;—on 350 miles of this road the cars are now running, and the remaining 167 miles are nearly completed.

At the present rate of premium on gold these bonds pay an annual interest on the present cost of

Nine Per Cent.,

and it is believed that on the completion of the road, like the Government Bonds they will go above par. The Company intend to sell but a limited amount at the present low rate, and retain the right to advance the price at their option.

BAKER'S PATENT

CARPET SWEEPER.

The attention of the public, especially the ladies, is directed to the many advantages this Broom possesses over the old style and all other Patent Brooms.

First—It is the most economical.

Second—It will outwear three of any other kind.

Third—Its lightness; being less than one-half that of the ordinary Broom.

Fourth—It never sheds corn upon the carpet.

Fifth—It sweeps cleaner with less labor and much less injury to the carpet.

Owing to its peculiar construction, requiring the corn to be all of equal length, none but the best material can be used in its manufacture.

Wherever they have been introduced, they have superceded all other kinds, and we are convinced that a single trial will prove the truth of our statements.

Know Thy Destiny.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N.Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a life-like picture of the future husband or wife of the applicant, together with date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, disposition and complexion, and enclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. All communications sacredly confidential. Address in confidence, MADAME E. F. THORNTON, P. O. Box 223, Hudson, N. Y.

ASTROLOGY.

The World Astonished.

AT THE WONDERFUL REVELATIONS

MADE BY THE GREAT ASTROLOGIST

Madame H. A. PERRIGO.

She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.

Address, MADAME H. A. PERRIGO,
P. O. Drawer 293, Buffalo, N. Y.

There cometh glad tidings of joy to all,
To young and to old, to great and to small;
The beauty which once was so precious and rare,
Is free for all, and all may be fair.

By the use of

CHASTELLAR'S

WHITE LIQUID

ENAMEL,

For Improving and Beautifying the Complexion.

The most valuable and perfect preparation in use for giving the skin a beautiful pearl-like tint, that is only found in youth. It quickly removes Tan, Freckles, Pimples, Blotches, Moth Patches, Sallowness, Eruptions, and all impurities of the skin, kindly healing the same leaving the skin white and clear as alabaster. Its use cannot be detected by the closest scrutiny, and being a vegetable preparation is perfectly harmless. It is the only article of the kind used by the French, and is considered by the Parisian as indispensable to a perfect toilet. Upwards of 30,000 bottles were sold during the past year, a sufficient guarantee of its efficacy. Price only 75 cents. Sent by mail, post-paid, on receipt of an order, by

BERGER, SHUTTS & CO., Chemists,

An Invaluable Medicine

FOR THE

PURIFYING OF THE BLOOD.

DR. J. W. POLANDS.

HUMOR DOCTOR.

A Positive Remedy for all kinds of Humors,

PARTICULARLY

Erysipelas, Nettle Rash, Salt Rheum; Scrofula; Carbuncles; Boils and Piles.

IT is very eas[illegible], or any other Medicine, "It is the [illegible] remedy known." It is not always so easy to prove [illegible]. It is, however, exceedingly gratifying to the proprietor of this Medicine, that, [illegible] he declares to the public that this is a most wonderful and effective Specific for Humors, as stat[illegible] he has abundant proof at hand to sustain his statement.

For sixteen years the Humor Doctor has been manufactured and sold, and every year has increased the value of its reputation, and the amount of its sales. In New Hampshire, where it was originated, no remedy for Humors is so highly prized. An eminent physician (now an army surgeon,) when practising in N. H. purchased between fifty and sixty gallons of it, during some seven or eight years, and used it in his practice. He has since then ordered it for the Hospital where he was stationed. Other physicians have purchased it, and have used it in practice with great success. When the proprietor lived in New Hampshire, at Goffstown Centre, for the space of thirty or forty miles around, and in Manchester particularly, the Humor Doctor was well known and highly valued for the numerous and wonderful cures which it effected. Though manufactured in large quantities, the supply was frequently exhausted, and purchasers had to wait for more to be made. In that region, some very severe cases of *erysipelas* were treated with it,—*and they were cured.* Erysipelas Sores, or carbuncles, those ugly painful ulcers, were entirely removed, wherever this medicine was faithfully used. So it was with *Scrofula* and *Salt Rheum.* The Humor Doctor cured them.

Since the Proprietor's removal to Melrose, Mass., his present residence, he has been regularly selling it to patients who have applied to him in person, and has been very successful in relieving and curing them. One case of Erysipelas—of an old man 72 years—is worth mentioning in particular. When he came to the Doctor's office he could only wear a pair old rubber over-shoes his feet and ancles were so swollen and sore. When he pulled off his socks the scabs came with them, and the raw, bleeding feet, were frightful to behold. Suffice it to say, that less than one dozen bottles of the Humor Doctor (and in a few weeks) healed up those feet and ancles, so that they were smooth and apparently sound. The man wore boots without inconvenience. Numerous cases of PIMPLES IN THE FACE have been treated with this medicine, to the entire eradication of them. In Melrose alone, there are more than a hundred persons who have used the Humor Doctor, and give it an excellent name. In all the towns around it is well known and approved.

For the sake of showing what is thought of it, a few testimonials are here inserted:—

MILTON GALE, ESQ., Boston.

I hereby certify that I was sorely afflicted with boils for two years, developing themselves upon my limbs and other parts of my body. The sufferings which I endured from them are indescribable. Suffice it to say, that I faithfully tried several of the most popular humor remedies, but without removing the affliction. At length, by the earnest request of an intimate friend, I was induced to try Dr. J. W. Poland's Humor Doctor and am happy to attest that all my boils were removed, and my health was restored by using Dr. Poland's aforesaid medicine.

MILTON GALE,
Boston, January 11, 1856.

A. C. WALLACE, ESQ., Manchester, N. H.

Dr. J. W. Poland, Dear Sir,—I very cheerfully give my testimony in favor of your Humor Doctor, as an excellent remedy for Humors. My numerous acquaintances in Manchester know how severely I was afflicted with boils, and they know how perfectly good my health is at present. Your Humor Doctor cured me. Please refer to me for particulars in my case,

A. C. WALLACE.
Manchester, N. H., June 11, 1856.

MRS. WHEELER, Stoneham, Mass.

I very confidently and earnestly recommend Dr. J. W. Poland's Humor Doctor as an excellent remedy for Humors, having been wonderfully benefitted by it myself. My own case was a very severe and obstinate one. For more than two years the skin upon the inside of both my hands, and even down on the wrist, was constantly cracked and broken up, so that I was unable to use my hand in any kind of wet work, and was obliged to wear gloves in sewing to avoid getting blood upon my work. The humor which so afflicted me was probably a combination of Erysipelas and Salt Rheum. My general health was quite poor. Soon after I began to use the *Humor Doctor*, I could perceive signs of healing. I continued to take the medicine till I was finally cured. My hands are now perfectly free from humors, and to all appearances my whole system is clear of it, and has been for several months. I used EIGHT BOTTLES before I felt safe to give it entirely up, but they cured me.

HARRIET WHEELER.
Stoneham, Mass., July 5, 1858.

MRS. PORTER, Dover, N. H.

Dover N. H., July 22, 1856.

Dr. Poland,—I received your letter inquiring as to the effects of your medicine on seasickness. I am happy to say that I think it is "the medicine" for that dreadful sickness, I tried various prescriptions, but found none that settled the stomach and cleared the head like the *Humor Doctor.* I felt as though I could hardly wait to get ashore, to entreat you to introduce it into ship chandlery stores, that it may find its way to those who suffer upon the mighty deep from sea sickness. If captains who take their families with them, or carry passengers, should try it for once, they would never be willing to voyage without it.

I have used it in my family since its introduction to the public; for bilious habits, headache, and humors about my children, and have always found it a sure cure.

I am not fond of having my name appear in public, and would not consent to it on any account but to relieve the suffering; but if the foregoing will be of any service to you or to the public, you can make use of it.

Price 75 cents per Bottle.

This invaluable Medicine will be prepared for the present at the

NEW ENGLAND BOTANIC DEPOT, BOSTON,

under the supervision of Dr. POLAND, for the Proprietor J. C. FRENCH,

to whom all orders should be addressed.

Sold by Dealers in Medicines everywhere.

GEO. C. GOODWIN & CO., Boston, Agents for New England.
